DEDICATION

Jacob Wortman
Assistant Principal; Acting Principal Emeritus

The 1972 faculty roster of Stuyvesant High School failed to include a name that had appeared on it for every one of the past forty-seven years. The missing name was Jacob Wortman.

When Mr. Wortman joined the Mathematics Department in 1925, Stuyvesant had been in existence for only twenty-one years. This means that he has been a member of our faculty for most of the school's history. It is no wonder that we affectionately think of him as "Mr. Stuyvesant."

During his long years of service, Mr. Wortman has occupied many positions that enabled him to exercise his remarkable administrative ability. He has been Coordinator of Examinations, Dean of the Senior Class, Chairman of the Guidance Department, and Assistant Principal. From 1953 to 1954, he was Acting Principal administering the school with his innate efficiency. In addition to his official assignments, Mr. Wortman served as school representative to the Stuyvesant Alumni Association and to the Parents Association.

The Class of June 1973 dedicates this issue of the INDICATOR to Mr. Wortman with sincere appreciation of his many and valuable contributions to Stuyvesant High School and with best wishes for many years of happy and rewarding retirement.

Dear Graduates:

As we look back over the microcosmic history of Stuyvesant High School and fit it into the macrocosmic view of our country and world, it is easy to see that our school has always reflected the times.

At the start of this century when huge numbers of tempest-tossed immigrants came to our shores, Stuyvesant played a leading role in educating their first generation children for positions of leadership in a growing America. During the years of the first World War, Stuyvesant graduates made their personal sacrifices and contributions on the field of battle and in the field of science. During the great depression of the '30's, against enormous odds of poverty and deprivation, Stuyvesant's sons achieved notable academic success. Again, during the second World War, Stuyvesant alumni played a role in stamping out the scourge of tyranny in the world. Our boys and girls cried out in anguish during the '60's at injustice at home and a war in Asia that seemed endless and hopeless.

I expect and hope that Stuyvesant will always be a mirror image of the world. May it now begin to reflect a new and growing concern in our country for the downtrodden and disadvantaged and for the prospect that a new found peace abroad may be translated into tranquillity and brotherhood at home.

You young women and men of the Class of 1973 have brighter prospects for happiness and success than any class before you in recent memory. Make the most of this new dawn by applying all your energies to the rich, personal fulfillment of your lives and the lives of others.

Hearty congratulations on your graduation.

Cordially.

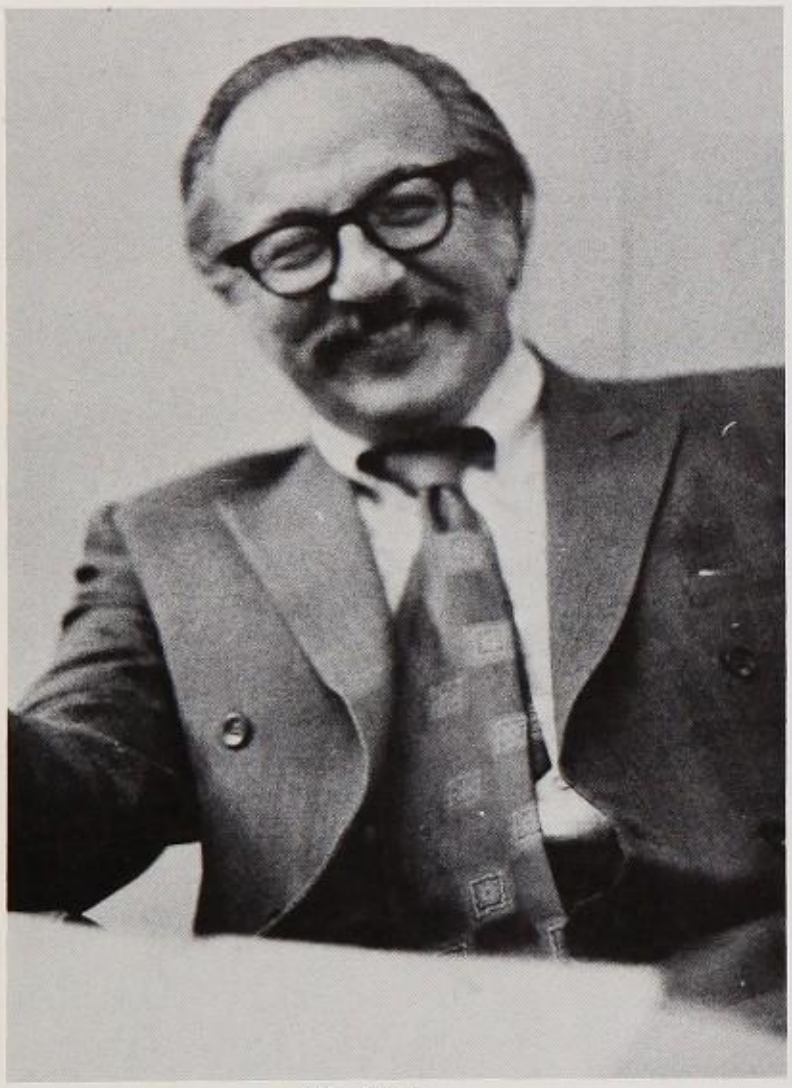
ASSISTANT PRINCIPALS (ACTING)



Mr. Kahn

Mr. Murray Kahn is the Acting Assistant Principal in charge of school organization. In spite of the multitudinous problems that the organization of a school entails and the many demands upon his time, Mr. Kahn insists on teaching the Advanced Placement Chemistry Course. It is obvious that teaching is Mr. Kahn's first love.

Mr. Kahn's former experience with programming and with school organization, his patience and his interest in the welfare of the students and teachers will serve him in good stead in the exacting and demanding post he now fills.

Mr. Harold M. Lehrman has been Acting Assistant Principal for the past three years. His duties range over a wide field. He deals with the problems of attendance, lateness, cutting, general discipline and with the frequent emergencies that arise in the school. His former experience as Dean has prepared him well for this very sensitive post.

His thoroughness, his efficiency and his calm manner in meeting the many school problems, contribute greatly to the smooth functioning of the school.

IN MEMORIUM

Thomas Gruosso, a Stuyvesant High School alumnus, was a very talented and dedicated teacher. He taught mechanical drawing, art and photography courses and sponsored the photography club.

A number of his students won awards in the Scholastic-Kodak photography contests. His large canvases and creative silk screen productions were exhibited and seen by many.

It was at this height of his most ambitious period that he was struck down with a terminal illness.

We will miss a good friend, a complete craftsman and a warm and gifted teacher.

Stuyvesant reeks of intelligence. Its students are caught up in a quixotic reality. They search for their niche on a very strange mountain. Its summit represents genius, but its base falls way above the average line. This in itself creates a sense of disorientation. We're isolated from nine-tenths of the mountain.

In the beginning I felt like a novelty. I was, sometimes, the only girl in a class of 34, and I wasn't quite sure if I liked it. Some of the teachers found it difficult to adjust to the female sex seated beside the "future male leaders of the world. Now, I can say with relief that things have changed for the better.

Stuyvesant: your voice is crying out involvement-
in ecology, ending the war, and George Mc Govern
For president. You wear his button and many
others. You want to change a troubled world.
But most of all you know the statistics - because
that's where your main involvement lies. You
wander down teeming halls packed with human
forms - all of which could tell you the median
freshman SAT scores for Harvard, or Yale or
Princeton perhaps. You saw trouble last year.
Violence and brutality that few who saw will
ever forget. You've seen it before - you'll see it
again. And it's wrong, and it's sad. But
what do you ask of your God, your country
of yourselves early the next morning in
your pollution ridden, war torn world? You
asked: "How many were admitted to the
hospital - nine?" No, seven. Or six, or five,
or four, or three, or two, or one.
One?
"Who's number one?"
Don't you know...

Fifteenth Street is ugly. The gutters are littered with discarded leaflets, dog excretia, and splinters of glass from broken wine bottles But there is harmony and peaceful coexistance on Fifteenth Street. Studerits cutting to save their sanity play Frisbee or study quietly while an alcoholic dozes undisturbed on the sidewalk, his mind dulled by the catalyst that helped him attain oblivion.

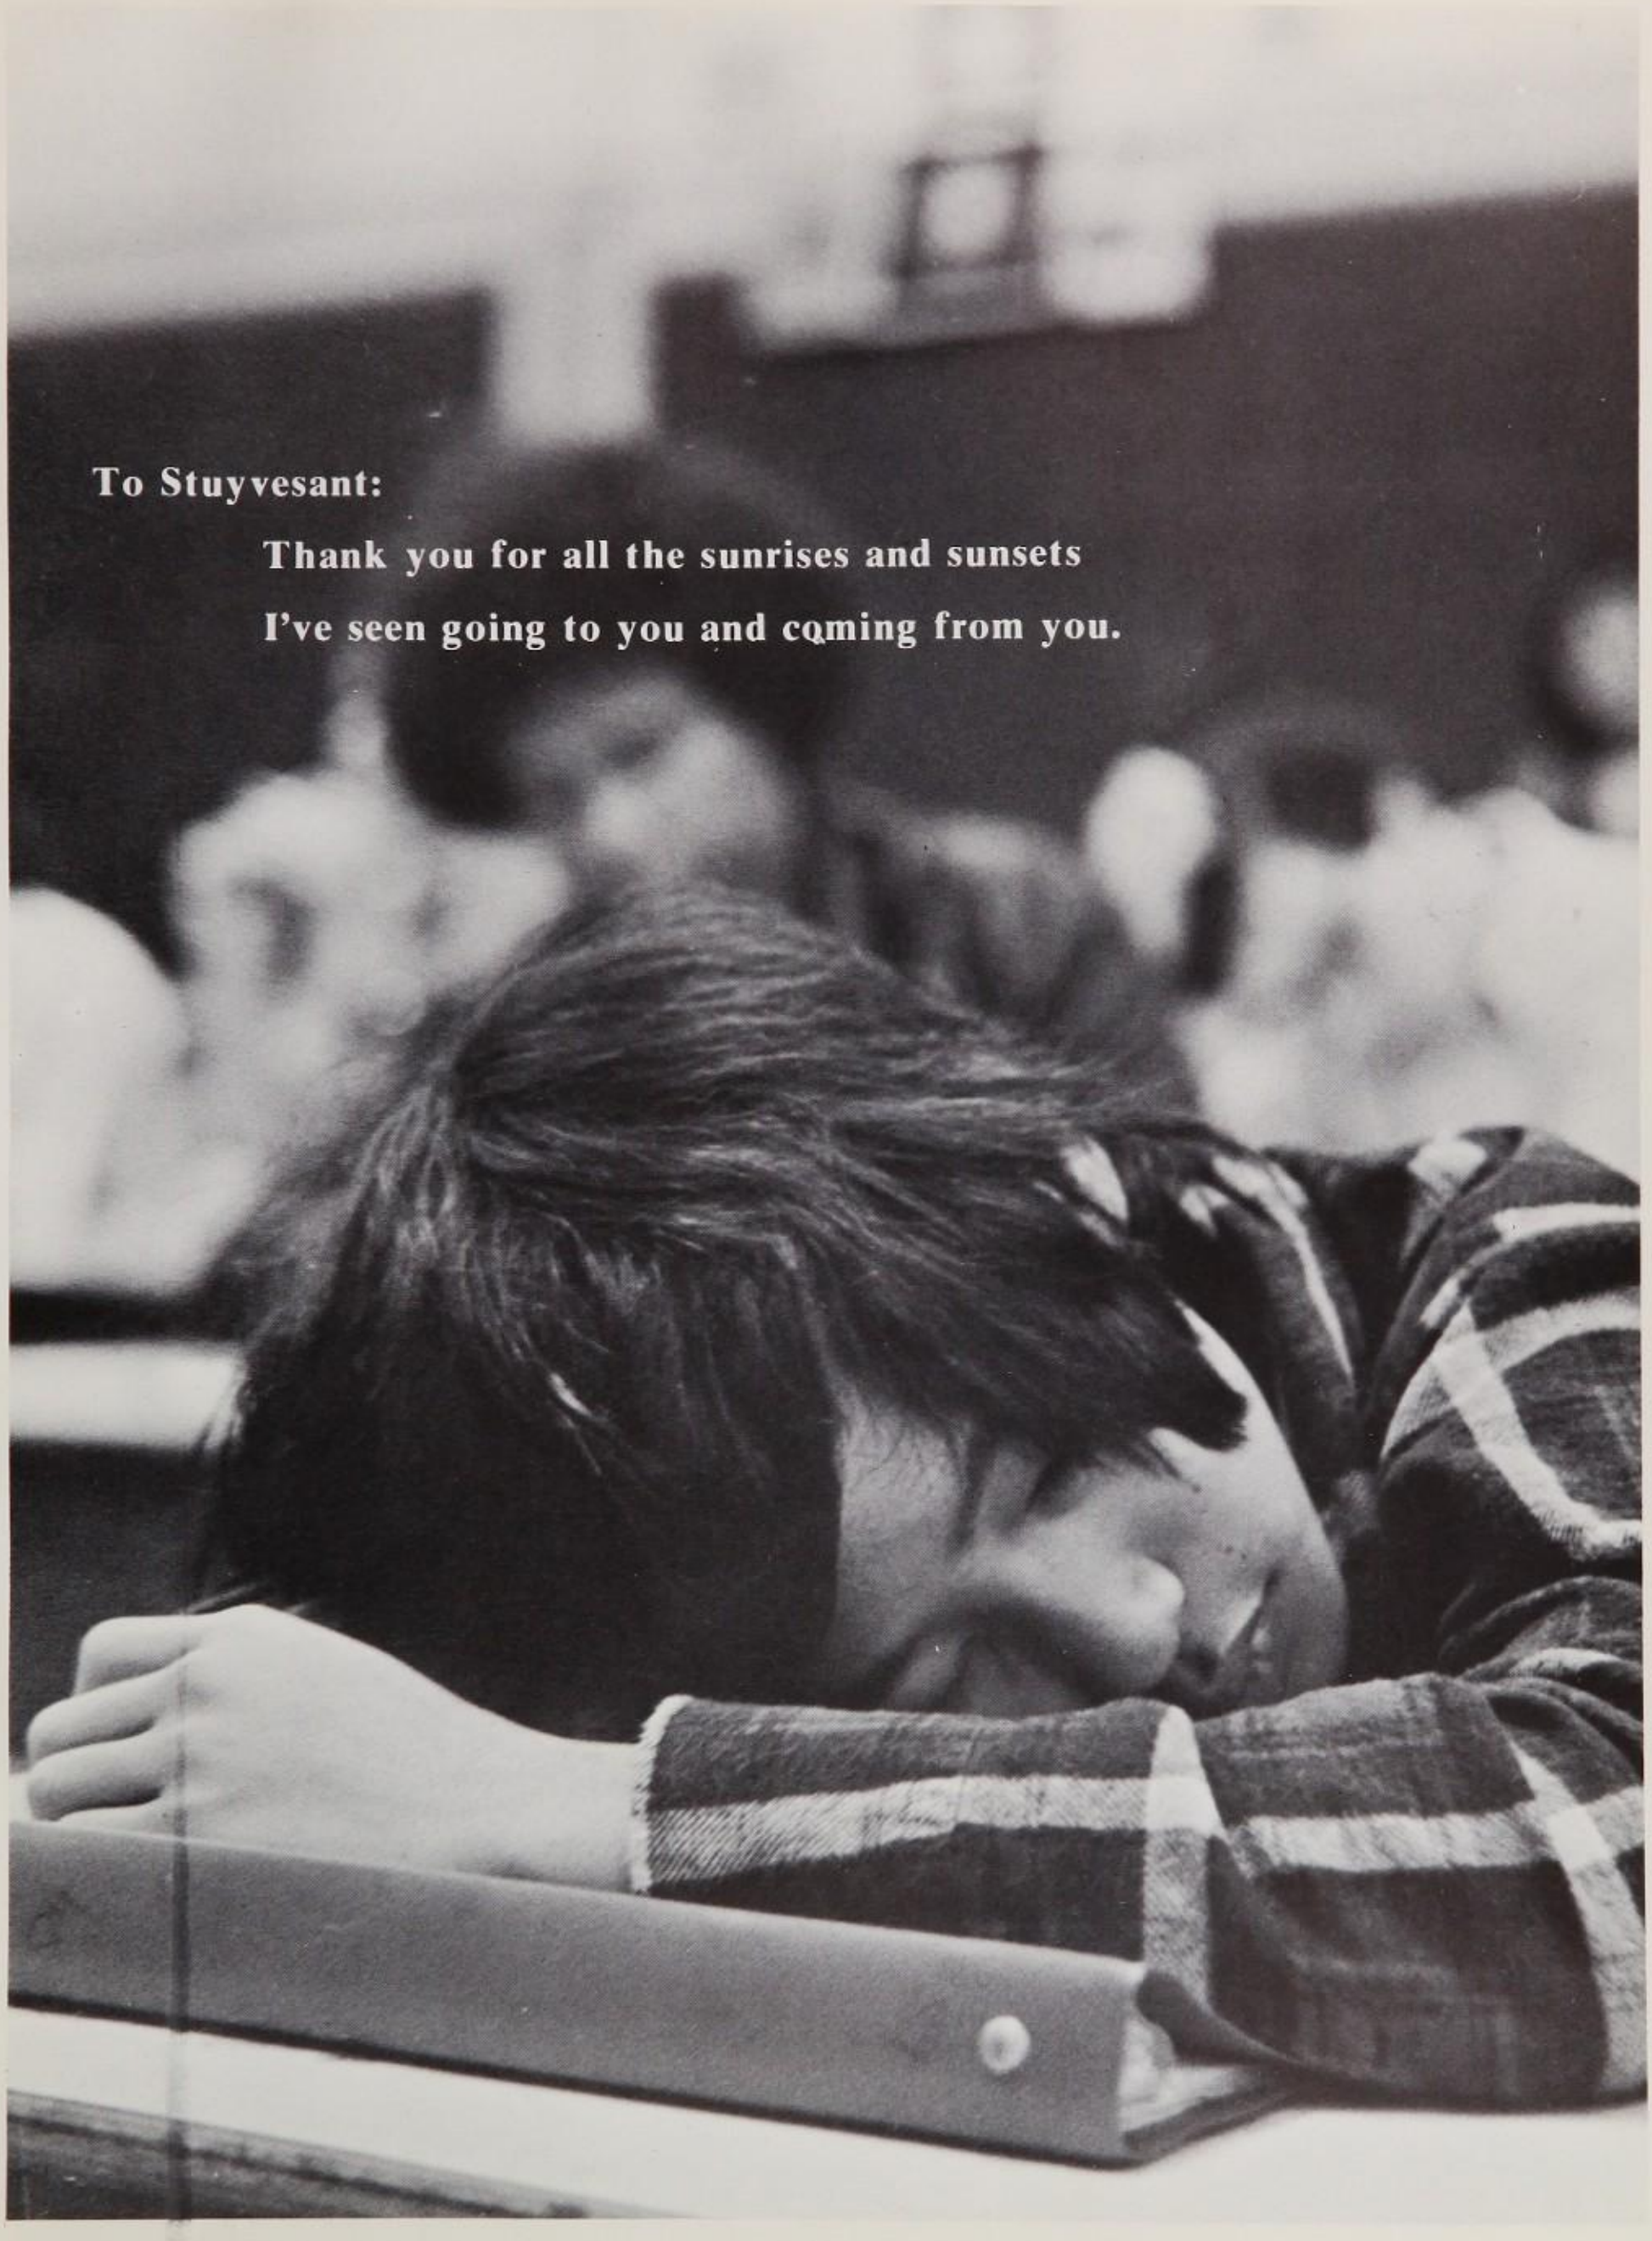
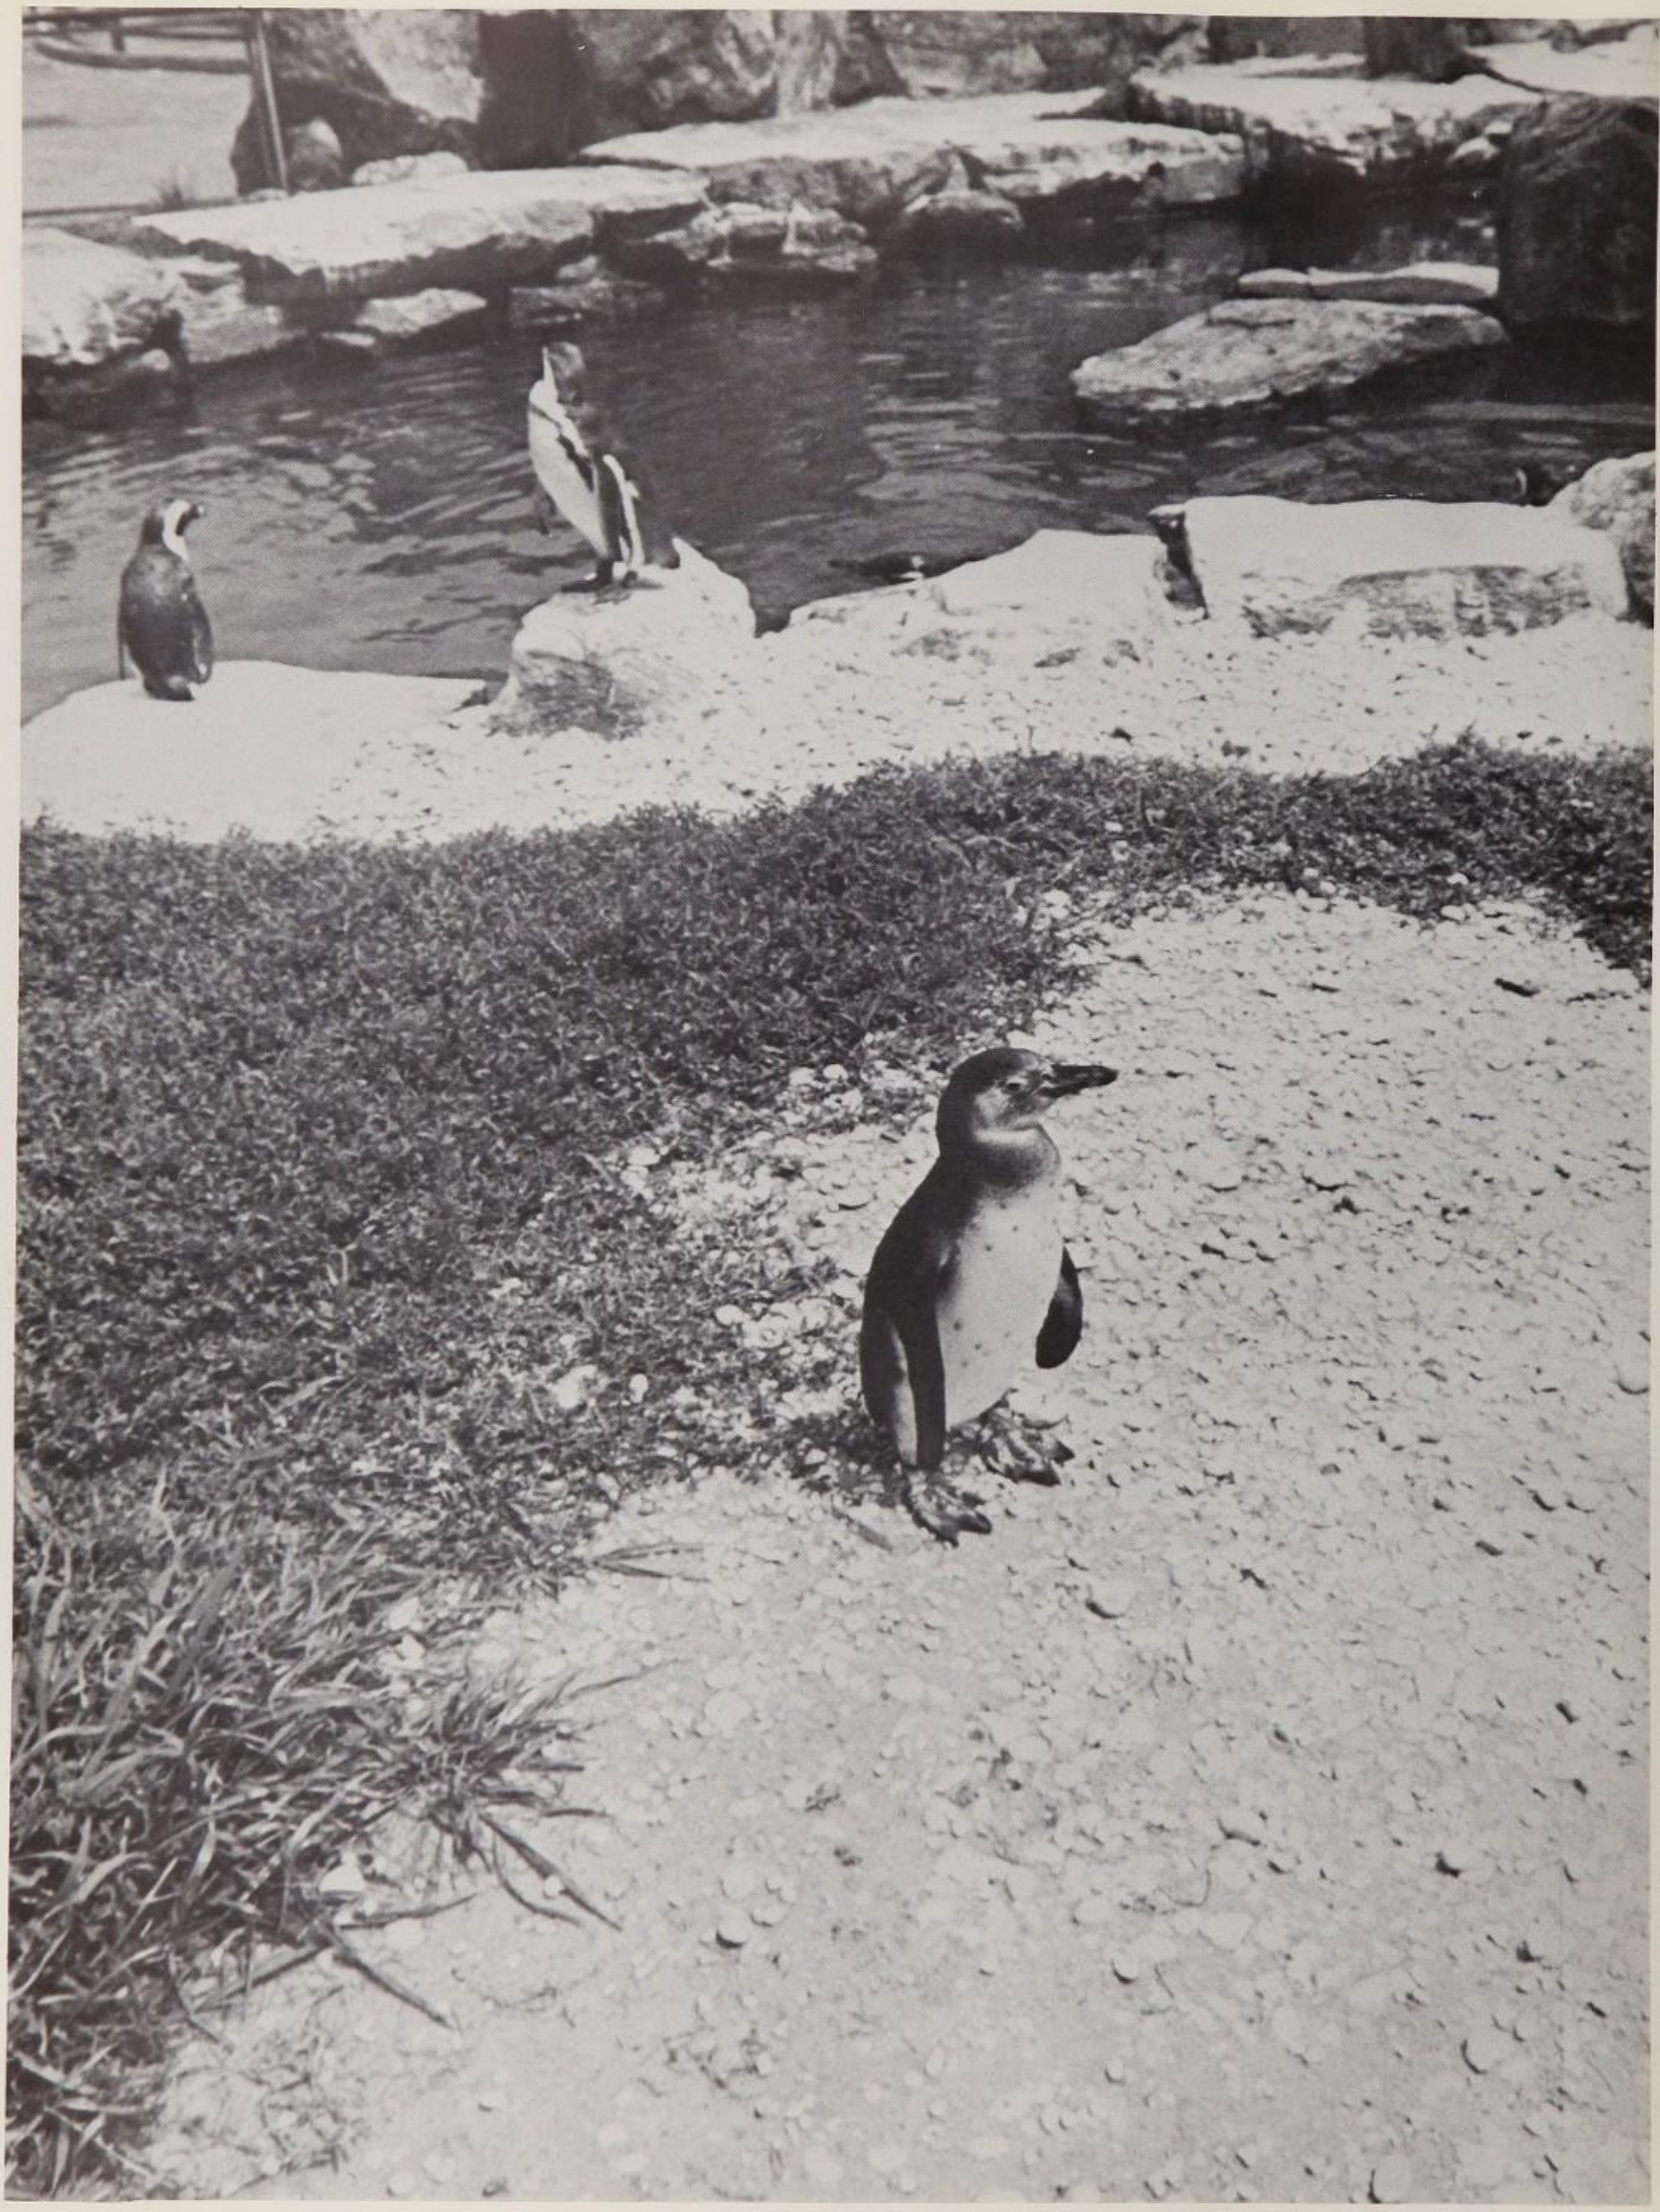
DEATH TO THE LL TRAIN!!!



To Stuyvesant:
Thank you for all the sunrises and sunsets
I've seen going to you and coming from you.

RECONSTRUCTION

. . . Now the walls are shades of pink, green and yellow; colors change but yet the walls are the same. The stairs still slope toward the center. People still talk about self-inflicted passing marks—95. Dreams of being doctors and physicists and brilliant math professors who teach in graduate schools like Harvard and MIT still comprise the mental panorama of a daydreaming Stuyvesant student. We don't wear suits and ties as a whole any more. There is little unison; but it's exciting. Girls are part of the scene now. We still study mechanical drawing; we still build chairs. We still enjoy the feeling of being set apart. We are a microcosm, but not a homogeneous one. There are the bright, the brighter and the brightest; yet somehow we shine. Still, the face of Peter Stuyvesant looks down omnipotently as we trudge up the once forbidden staircase. And we smile back. No, Stuyvesant isn't the same. Now there are partitions made and auxillary space being put to use for lack of room to expand. Yet we've expanded a great deal. We've reached a higher level of consciousness, a higher level of involvement. We've made certain commitments, not as a student body, but as individuals—to our world, to our schools and to ourselves. We've undergone reconstruction in both a physical and philosophical way. The ties may not be extinct yet, but they're looser now. Our facelift is only temporary because no paint in the world can create a picture. We've made a picture, and it will change like the shades of the Board of Education paint. But it will always be a mirror, and in it we will always be able to see a small part of ourselves.



Never mind about tomorrow . . .
  It always is today;
Yesterday has vanished,
  Wherever, none can say.
Each minute must be guarded,
  Made worth the while somehow,
There are no other moments . . .
  It always is just now.
Just now is the hour that's golden,
  The moment to defend.
Just now is without beginning;
  Just now can never end.
Then never mind tomorrow . . .
  'Tis today you must endow
With all that's true and noble,
  And the time for this is . . .
  now!

G.O. OFFICERS

From Left to Right: Eric Solstein, David Goldsmith, Mr. William Ince, Nestor Gonzalez, Elliot Rich.

Eric Solstein
G.O. President

The GO Executive Council — sweetened by candy bars and cookies — reorganizes, innovates and administers the student government of Stuyvesant High School. This year, under that mod idea man Mr. Arnie Bellush — with the philosophical interpolations of Eric Solstein and the excitable rejoinders of Toni Fitzpatrick as accompaniment—a new GO Constitution, new club rules, service credit revisions, the first SHS Sing were inaugurated. Innumerable committees have successfully promoted a Valentine's Day Hop, the Token Concert and student life improvements. Now, what's next on the agenda?

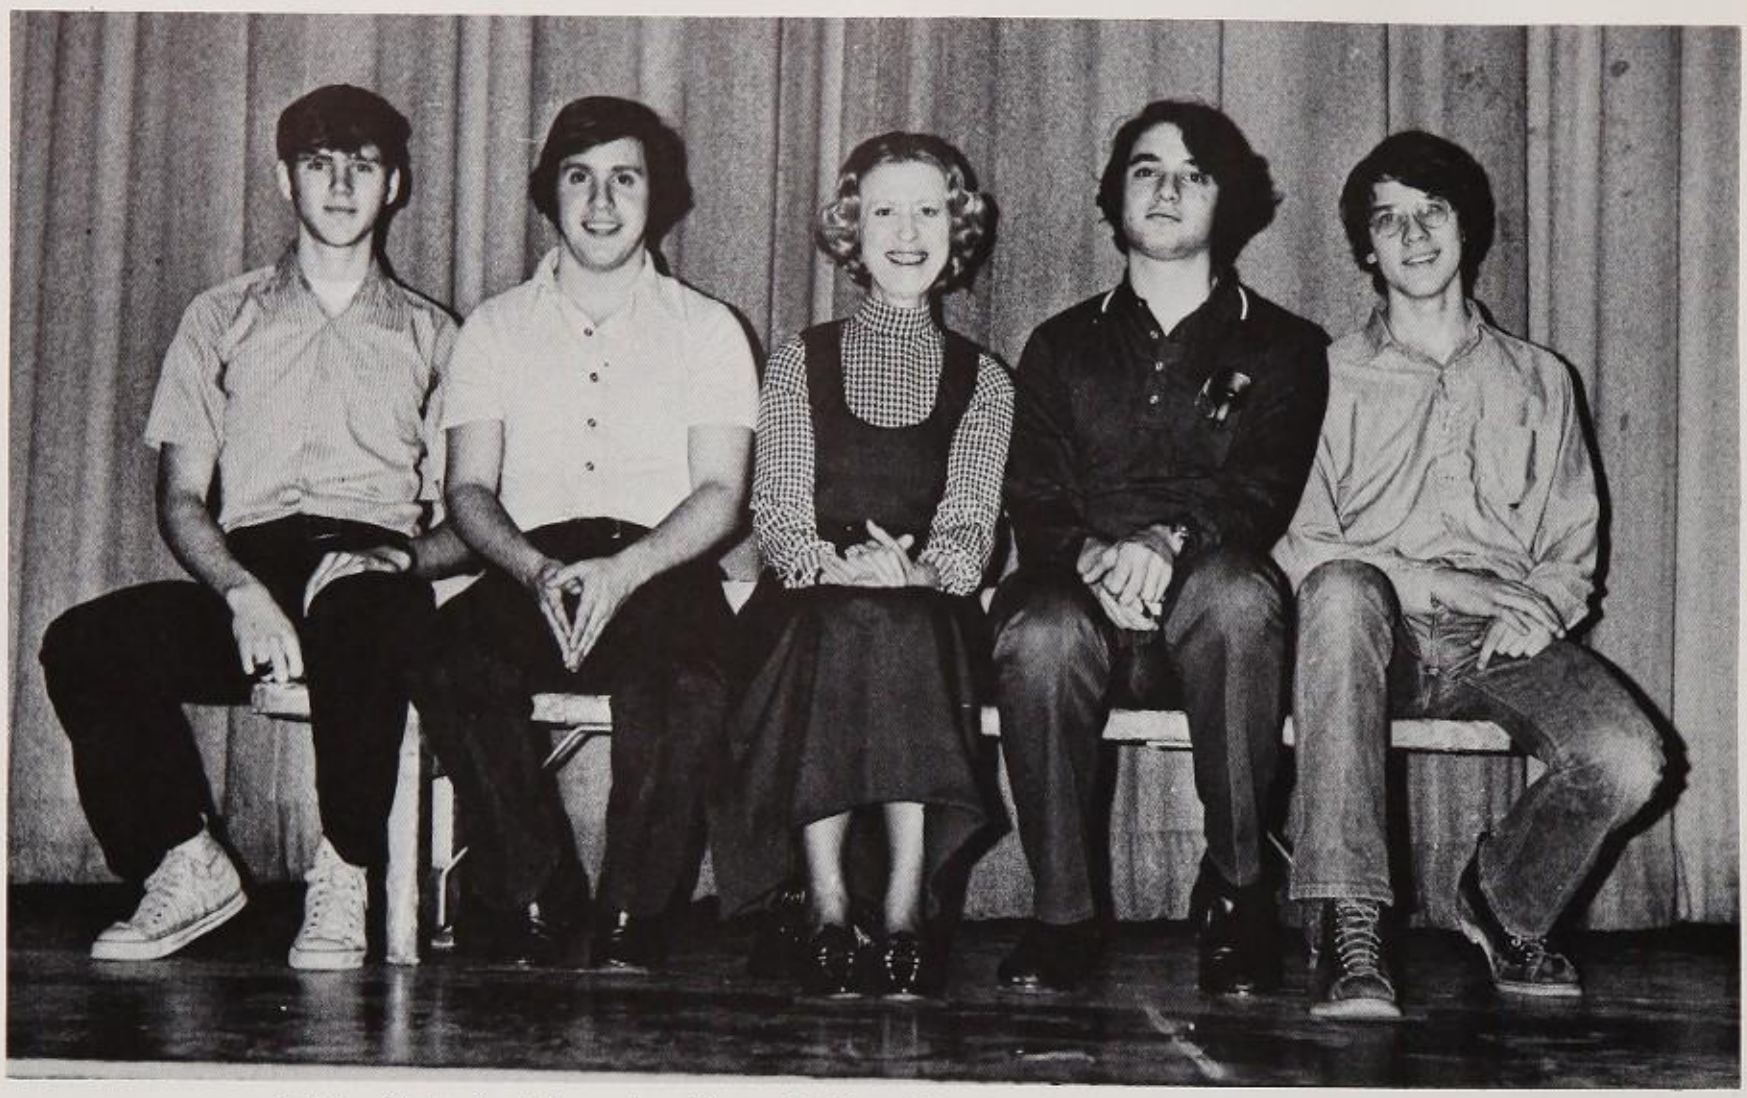
David Goldstein, G.O. Vice-President; Nestor Gonzalez, G.O. Sec'y-Treasurer.

Elliot Rich, Executive Secretary

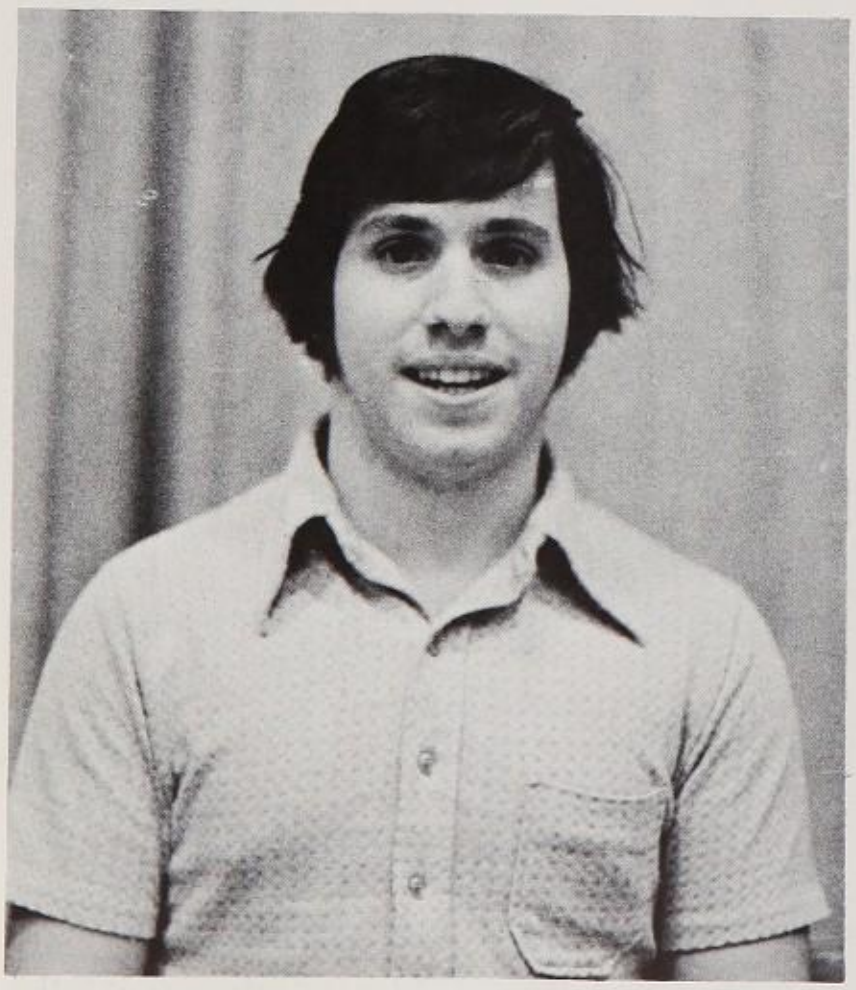
EXECUTIVE COUNCIL

First Row, Left to Right: Demetrios Milliaressis (G.O. Teams Rep.), Natalie Reich (Junior Form Co-Vice-Pres.), Elliot Rich (G.O. Executive Sec'y). Second Row: Julie Flicker (Sophomore Form Vice-Pres.), Nestor Gonzales (G.O. Sec'y-Treas.), Mr. William Ince (G.O. Honorary Pres.), Mr. Arnold Bellush (C.O.J.A.), Eric Solstein (G.O. Pres.), Toni Fitzpatrick (Sophomore Pres. and STP). Last Row: John G. Harold (G.O. Club Committee Chairman), James C. Schulwolf (Clubs Rep.), Janina E. Thompson (Freshman Form Pres.), Victor DeVito (Senior Form Pres.), Eric Mandelbaum (Junior Form Pres.), Douglas P. Climan (Sec'y-Treas. Senior Form), Joel Zinberg (Vice-Pres. Senior Form).

SENIOR FORM OFFICERS



Left to Right: Paul Stemmler, Victor DeVito, Miss Lynch, Joel Zinberg, Doug Climan.



Victor DeVito, Senior Form President

Once a month the Senior Council enlivens conference room 215A with roll call votes. "Yes" - "No" are shouted to the fluorescent lights as Form President Vic DeVito asks questions like: How many want yellow T-shirts? Shall class rank be abolished? What shall the senior dues for the Class of '73 be - $15 or $16? Shall $50 be donated to defray the cost of mimeo paper for the weekly College Office Bulletin? The forty minute quickie meetings are further enlivened by Paul Stemmler's reports of debits and credits; Doug Climan's "Now wait a minute . . .!" as Shirley Leong, Mike Jacobs, Mike Siegel, Peter Gontzes and Peter Pupke voice their views on Senior Field Day, The Senior Dance (?), the merits of a black covered diploma case and Joel Zinberg finds flaws in all arrangements. The gong sounds — — a mad dash to class. And nothing decided about credits, Sing or the next issue of the "Senior Chronicle."

SENIOR COUNCIL

First Row, Left to Right: John Doe, Donna Florio, Jeremy Novak, Shirley Leong, Betty Mah, David Trocker, Second Row: Bruce Gomes, Paul Stemmler, Victor DeVito, Miss Lynch, Joel Zinberg, Douglas Climan, John Maribito. Last Row: Peter Golden, Sam Otter, Michael Seigal, Michael Jacobs, Peter Gontzes, Peter Pupke, Jane Weissman, Victoria Gorski.

STP

The STP Committee comprised of five students, five teachers and five parents, Mr. Fred Gordon, Chairman, Mr. Dan Tilson, Mr. Julius Perlman, Mr. Charles Sharkey, David Goldsmith, Peter Gontzes, Mr. Bert Biederman, Dr. F. Wasserman, Mr. Gaspar R. Fabbricante, Principal, Abby Smith, Toni Fitzpatrick, Ms. A. Harte, Ms. R. Adelo, Ms. A. Parmet, Mr. Arnie Bellush, Student Coordinator, has worked successfully this year in bridging the gap between problems and solutions, and bringing forth needed changes and improvements. Amongst their more important achievements are: the discontinuance of class rank, the initiation of co-ed hygiene, curriculum reform and the planning for girl's teams.

INDICATOR

The Indicator editors, some of whose pictures do appear and some of whose do not, have tried to make this YOUR yearbook — a yearbook which creates the spirit of our four years at Stuyvesant and a broad, accurate presentation of our high school experiences. Therefore, we asked all seniors to express in any way they could their feelings towards Stuyvesant; their thanks and their complaints, their highlights and their disappointments. With enthusiasm we undertook our self-appointed task. The finished product we leave to your judgment.

Here we are as always, your lovable yearbook staff, striving to reach new heights in our endeavors.

We had our share of flops and lapses into the dismal abyss of non-creativity . . .

But then, someone would yell, "Halt!" and suddenly we'd be playing it straight again. (Yawn)

Here we are as always, your zany yearbook staff, offering our motto and formula for success: "If you can't conquer it — let it slide."

FACULTY ADVISOR

Miss Eileen M.J. Lynch.

First Row, Left to Right: Howard Rutman, Franklin Moser, Sylvia Landsberg, David Sperling, Jane Weissman. Second Row: John Rojas, Nicholas Yang.

ARISTA

The executive officers of Arista are John Rojas, Treasurer, and David Sperling, Vice-President. Membership in Arista requires good academic standing, outstanding character ratings, and most of all, exceptional service to the school. With Jane Weissman in charge of the Tutoring Committee and Howard Rutman in command of the Visiting Committee, Arista has chosen fine leaders. This years President is Franklin Moser.

The Spectator

First Row, Left to Right: Victoria Steinberg, Joy Lieberman, Jane Weissman, Isaac Mayo. Second Row: Betty Mah, Joanathan Mandell, Elizabeth Schlaff, Lori Wilner, Suzanne Rose. Third Row: Sam Gold, David Trocker. Camera Shy: Katherine Goncharoff.

Stuck away in a forgotten corner of the basement, the staff of the Spectator has spent an incalculable amount of time in their overcrowded office trying to write an informative alternative to the underground newspapers, G.O. newsletters and club publications. Despite competition, the Spectator remains "the official student publication" of Stuyvesant. Under the able direction of winter term Editors-In-Chief Liz Schlaff and Lori Wilner, and spring term Editors-In-Chief Jon Mandell and Suzanne Rose, both sophomore and junior staff members have learned to cope with the inadequate facilities and to produce the kind of paper that provides "All the news that's fit to print."

CALIPER

First Row, Left to Right: Norman Green, Paul Achitoff. Second Row: Steven Kirschner, Brian Nacht, Simone Weissman, Jane Sabin, David Kravitz, Diane Pionegro. Last Row: Michael Jacobs, Cheryl Walker, Gary Handel, Jonathan Lewin, Larry Lindner, Frank Torres, Adrienne Margolis.

Caliper, Stuyvesant's (luminary?) Literary magazine, with the perspicacious Paul Achitoff and Norman Green as Co-Editors-In-Chief at the helm, is a voyage into the murky depths of the mind. Its pages paint a scenario with both words and images, and provoke thoughts that are deep . . . very deep (zzzzz).

KALEIDOSCOPE

Kaleidoscope, Stuyvesant's foreign language magazine, speaks your language, whether it be Greek, French, Latin, Hebrew, Chinese, Russian, German or Spanish. Creative ideas are expressed in poetry and prose, photography and art.

Left to Right, First Row: Debbie Blumenthal, Valerie Uribe, Adam Stoler, Dawn Gilman, Giovanna Scandariato. Second Row: Linda Chin, Janet Lim, Sharon Oshatz, Miss Lorenzo, Shari Zuber, Donald Liff, Ilene Chait. Last Row: Josephine Casal, Michael Shiroma, Natalie Blagowidow, Karen Von Damm, Gregory Durntak, Rita Jaklitsch, Gerard Harrington III, Linda Shriner.

First Row, Left to Right: Ronald Novick, David Rothman, Joyce Rose, Jeff Langer, Gene Lou. Second Row: Albert Capsouto, Franklin Moser, Burt Schlecker, Mr. Abe Baumel, Marvin Slepian, Mark Schwimmer. Third Row: John Snith, Debbie Blumenthal, Dawn Gilman, George Grills, Margo Feingold, Jean Kelly, Robert Cohen Geoffrey Ling.

NUCLEUS

The *Nucleus* is a mixture of both the natural and the physical sciences with a dash of medicine thrown in for good measure. Stuyvesant's annual science magazine is focasing this year on the almagamation of the physical sciences with medicine. Much of the information for the articles is obtained through personal research and experiments.

BIO-MED SOCIETY

The Bio-Medical Society, the oldest club in the school, meets regularly on Friday afternoons. The aim of the society is to inform students regarding recent developments in the area of the life sciences. This year Molecular Biology was emphasized. The society's officers include: Marvin Slepian, David Sperling, Steven Frisch, and Mark Schwimmer.

Left to Right: Steven Frisch, David Sperling, Mr. Arthur Linder, Marvin Slepian, Mark Shwimmer.

EXECUTIVE INTERNSHIP PROGRAM

Another special program has been added to the long list of activities at Stuyvesant High School. That program is the Executive Internship Program. The program allows students (seniors at Stuyvesant High) to work with executives in a non-formal learning structure. The students spend a full semester away from Stuyvesant working with responsible executives in a public agency or public corporation. The program was started at the New York City HRA Human Resources Administration) Office of Educational Development and was a joint effort of both the HRA and the City Board of Education.

The following is a listing of those intimately involved in the program for Stuyvesant High School during the school year 1972-1973;

MATH TEAM

Left to Right: Steven Zorowitz (co-captain), Nicholas Yang, Carl Wittig, Mark Robinson, Mrs. Finkel, coach, Andrew Kirstein, a spectator, Teddy Slipiene (co-captain).

The year 1973 brought forth many new goals that the Stuyvesant High School math team succeeded in achieving.

We have always attained a high record of excellence in the past, and this year under the guidance of captains Steven Zorowitz and Theodore Slipstiene, and Mrs. Irene Finkel, our coach, we continued our record of high standing among the New York City high schools. In the M.A.A. Contest held March 13, 1973, Stuyvesant was an easy victor over the Bronx High School of Science and Brooklyn Tech, and we expect shortly to be declared officially first in New York City.

In the fall term of 1972, we started the year with a new team, in the Interscholastic Mathematics League Five meet competition, our co-captain Teddy Slipstiene was in a three way tie for third place in the competition. Jesse Deutsch, Eric Lander, and Steven Zorowitz were tied for fourth place.

In the highly competitive National High School Contest sponsored by the Mathematics Association of America, our school ranked as one of the top schools in the nation. Among the Stuyvesant Contestants, Nicholas Yang ranked first, Eric Lander, second, and Jesse Deutsch, third.

There is a Southern New York State Math League now being organized. Their contest will be on May 19, 1973. Stuyvesant will have four students on the team of ten representing New York City in that competition. We again expect to be invited to what will be the second USA Mathematics Olympiad, to be held on May 1, 1973.

Our math wizards have worked hard to achieve these honors and deserve our heartiest congratulations.

Very few of the publications associated with Stuyvesant High School have achieved the success which the *Math Survey* has achieved. The *Math Survey* is the departmental magazine of the math department. It is one of the few publications to have made a profit on their magazine, showing the student body's interest in math. In the past few years it has greatly expanded as witnessed by the addition of eight pages and the diversification of content. This year's Editor-in-chiefs Joel Weisberg and Howard Rutman, Associate Editors Steven Zorowitz and Arthur Keller, Assistant Editor Stuart Sachs, and faculty advisor, Mrs. Henrietta Midonick, Chairman of the Math Department, are confident of repeating last year's great sales record.

This year the debate team has had one of its most successful seasons in years. The varsity team, made up of Captain Eric Solstein, Co-Captain James Schulwolf, Joel Zinberg, and Stuart Kingoff, has compiled a better than 600 winning percentage. In addition to qualifying for the State Championship Tournament for the first time in a long while, the team has represented Stuyvesant at such places as Columbia, Rutgers, and the University of Pennsylvania.

CHESS TEAM

In recent years, Stuyvesant's Chess Team has been one of the finest in the country. This year, led by Co-Captains Richard Schaeffer and Jeffrey Centrone, we have already placed second in both the Greater New York and Eastern High School Championships. These are very good results considering the fact that last year's captain Jon Jacobs, who is one of the highest rated players in the country, graduated. This year the national tournament is in Chicago in May. The team will make its trip and hopefully regain the National title.

Stuyvesant is proud to have as part of its student body fifteen finalists in the Eighteenth Annual National Merit Program administered by the National Merit Scholarship Corporation.

About fifteen thousand semifinalists are selected countrywide on the basis of their Selection Index scores on the Preliminary Scholastic Aptitude Test / National Merit Scholarship Qualifying Test (PSAT / NMSQT) given during the fall term of the students' junior year. The semifinalists constitute about one-half of one percent of the nation's total graduating high school students.

In order to become a finalist, a semifinalist must be endorced by his school principal, demonstrate an equivalent performance of the Scholastic Aptitude Test as on the PSAT/NMSQT, and confirm high academic standing with a copy of his academic rating.

About ninety-six percent of the semi-finalists attain finalist status. The school then awards each finalist with a Certificate of Merit (picture above).

We congratulate our finalists on this great achievement and wish them the best of luck for the future.

NATIONAL ACHIEVEMENT FINALISTS

The National Achievement Scholarship Program for Outstanding Negro Students awarded about one thousand deserving students with finalist status. About one fourth of these finalists will win scholarships. There were six finalists in our school. They are: Shaun A. Hedmann, Burvin Jenkins, Beverly E. Lewis, Leonard P. Nethersole, Carmen M. Rae, Cheryl M. Walker. These students received a Certificate of Achievement and letter of congratulations from the Scholarship program.

Stuyvesant is proud of our fine students and wishes them every success for the future.

For 35 years, Mr. Thrush has been trying to institute wrestling as an interscholastic varsity sport. This year it has finally become a reality.

Wrestling is a unique sport. It is both an individual and team activity. The participant competes for his own self-gratitude and also for the success of the team. Each wrestler must win by himself, using his own judgment and knowledge.

For the 1st season, the results are tremendous. As this article goes to press we have competed in 5 meets, and won 5 meets, each with overwhelming scores. This success exemplifies much expert coaching and hard work on the part of the team members and the coach. Mr. Thrush, who has trained Olympians and many famous athletes finds it much more of a thrill and pleasure to be the coach of Stuyvesant's First Wrestling Team.

THIS WAS MORTON MUCKRAKE THREE YEARS AGO, A STUYVESANT FRESHMAN WHO KEPT HIS NOSE CLEAN IN JUNIOR HIGH AND PLANNED TO DO THE SAME IN HIGH SCHOOL.

THE FIRST FEW WEEKS HE HAD PROBLEMS WITH THE TRAINS...

... HE HAD PROBLEMS WITH SENIORS..

LOOK AT MORTON TODAY! HE'S A SENIOR NOW.

HE IS NOW AN EXPERIENCED STRAPHANGER.

HE IS ACTIVE IN STUDENT GOVERNMENT...

BECAUSE OF YOUR **APATHY** WE WON'T GET A STUDENT LOUNGE IN FABBRICANTE'S OFFICE!

HE HAD PROBLEMS WITH THE STAIRWAYS...

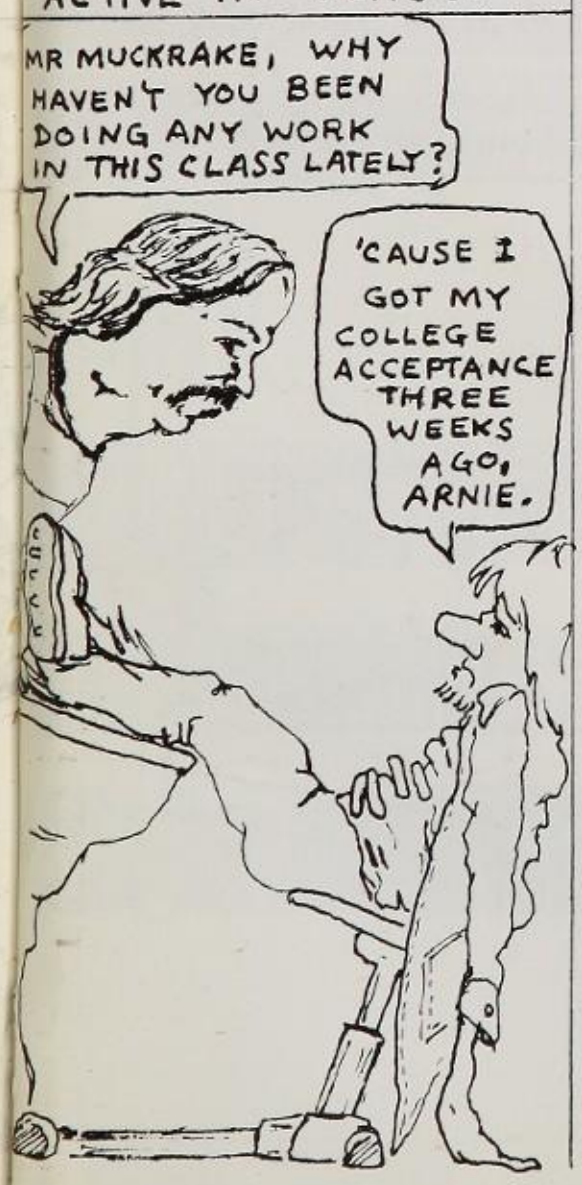
...HE HAD PROBLEMS WITH ROOM NUMBERS...

513
I'M LOOKING FOR 514 -- IS IT SOMEWHERE NEAR HERE?
NO, KID. YOU'VE GOT TO GO DOWN THE LENGTH OF THIS CORRIDOR, THROUGH THE DOORS, TURN RIGHT, AND IT'S SOMEPLACE BY THE END OF THE HALLWAY.

...AND HE RECEIVED LATENESS SLIPS.

YOU'RE 5 MINUTES LATE!
I KNOW, SIR. IT TOOK ME 10 MINUTES TO GET UP THE 5 FLIGHTS OF STAIRS!
I DON'T WANT TO HEAR IT! GET A PASS FROM THE LOBBY!

...BUT SLIGHTLY LESS ACTIVE IN CLASS.



MR MUCKRAKE, WHY HAVEN'T YOU BEEN DOING ANY WORK IN THIS CLASS LATELY?
'CAUSE I GOT MY COLLEGE ACCEPTANCE THREE WEEKS AGO, ARNIE.

HE STILL GETS TO CLASS LATE...

...BUT NOW HE KNOWS WHERE TO FIND A LATE PASS.

Thank you:

We'd like to express our gratitude to the little cubicle that managed to house so much discussion, dissention, and debate (not to mention so many people!), the *Indicator* office. It became so much more than just a "place." In addition, we'd like to extend our thanks to our fellow publications; to the *Spectator* staff, especially Suzanne Rose (for tracking down some things), and Jon Mandell (the latter for being — well, he'd probably sue us if we said it . . .); to a dozen ghost photographers (and one phantom), to the "underground" press — for their vocal criticisms; to Victor DeVito, senior class president and friend; to all the teachers, for their support; to all the people who live on and around 15th Street and who will remain here long after we're gone; to the eleven pioneers, who set a precedent in educational history; to the pigeons and dogs of the area; to Good Humor and Baskin Robbins (who gave us variety), and to the many delis that offered an alternative to both East and West (Cafeterias); to the custodians and janitors whose difficult job of cleaning up after us has not gone unnoticed; to Miss Eileen M.J. Lynch, who reminded us of deadlines at the propitious moment; and to all 650 of you, who gave us so much more than you'll ever know, and to whom our efforts have been dedicated, because ". . . this one is ours."
